# Absorbing & Neutralizing Battery Pillows

---

---

*\*Product color, style, and manufacturer may vary. All Products will meet specifications stated.*

SPI0001

For quick absorption and neutralization of battery acid spills, use neutralizing pillows for quick and easy cleanup.

## **Specifications:**

- Each Pillow is capable of absorbing and neutralizing 3 quarts of electrolyte (1.225 specific gravity).
- Conforms easily around rack and spill containment barrier.
- Pillows are made of fire retardant cloth and non-hazardous materials.
- When exposed to a spill, pillows change color.
- Weight: 5 lbs.
- Dims: 12" x 12" square and about 1.5" thick
- This item standard with each Spill Containment System.

In compliance with the Uniform Fire Code (UFC), Article 64 for lead acid electrolyte spill control.
